

StarPin™ StarNail™

Polymer Headed Pins and Nails

- ▶ *Higher Impact*
- ▶ *Reduced wastage*
- ▶ *UV Stable Colour Range*
- ▶ *Low Profile Polymer Head*

Integrity

With a specially developed tough polymer head the *StarPin* and *StarNail* fixings maintain their reliability on site without head failure. Their outstanding quality reduces wastage, saving time and cost.

Quality

The shank of the *StarPin* and *StarNail* fixings are formed from corrosion resistant Stainless Steel, ensuring superior performance and exceptional durability in the toughest environments.

Specially defined annular rings enable maximum pull out resistance and the chamfered head ensures a neat finish.

Range

The UV stable extensive colour range services the majority of profile variations across leading roofline suppliers.

Versatility

With a low profile head, applications also include the Caravan, Fencing, Window and Sign Industries.

High strength, High stability

Tough polymer headed pins and nails. Available in A4 marine grade, corrosion resistant stainless steel, offer a colourfast, cost effective fixing solution for PVCU products.

- ▶ Resistant to weathering with ultraviolet stable colours
- ▶ Stainless steel shank ensures high corrosion resistance
- ▶ Resistant to chemical attack
- ▶ Low profile head and maximum pull-out resistance
