

StarTurn®

Universal Woodscrew

- ▶ **No Pre-drilling**
- ▶ **Superior Holding Power**
- ▶ **50% Quicker Screw Penetration**
- ▶ **50% Less Drive-in Torque Required**

Ultimate Woodscrew

The award winning **StarTurn** is probably the most efficient universal screw available. The patented Starform™ thread provides lower drive-in torque, quicker assembly times and exceptional holding power.

With a Pozi recess, a choice of Full or Partial thread, Zinc or Yellow finish and sizes from 12mm to 150mm long, the **StarTurn** range provides a comprehensive and cost effective solution for many fixing and fastening applications.

Quick Start

Rapidly penetrates Softwood, Hardwood, MDF, Chipboard, Plastics and Thin Sheet Metal.

Safe

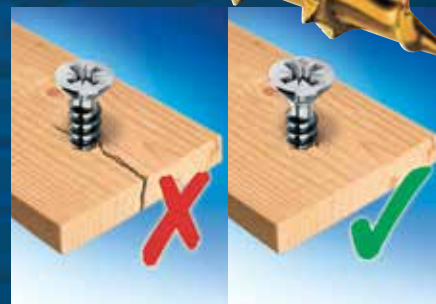

Deep precision Pozi recess within the double countersunk head, improves grip and extends bit life.

Low Torque and reduced splitting

The patented Starform™ thread lowers torque by up to 50% and reduces the risk of wood splitting – without pre-drilling.

Superior Plating

Unique plating process ensures long life, with a dry lubricant to make insertion even easier – increasing productivity in all applications.

Extensive Range

Four ranges across more than 100 sizes ensures there is a **StarTurn** Universal Woodscrew available for all applications. Screws are available either fully or partially threaded, yellow or zinc finish.

For more specialised uses, a range of longer lengths is available. This range is partially threaded and only available in zinc finish.

StarTurn branded, easy to read packaging gives clear product information, preventing identification errors and providing full traceability.
